

MISSION AND VISION STATEMENT

Mission:

Upton Lake Christian School is a Christ centered, educational community serving Christian families under the authority of God's Word, and equipping students to glorify God through the exercise of His wisdom, love and purpose.

Vision:

Teaching to transform lives: Our teachers and staff want to encourage each student to love learning, to explore new worlds of knowledge and truth, and to give each child hope and encouragement on the path to adulthood.

Creating a passion for God: We teach Bible lessons, but our fervent desire is for each student to develop a personal hunger and dependency on God. We encourage joyful celebration of Christ here at Upton Lake Christian School.

Preparing today's youth for tomorrow's challenges: We provide an academic program, computer training and access, sports and extracurricular activities, interactive family events, Bible study and worship, guidance and individual support to prepare our students with scholastic, character and life skills to promote future potential.
